

NON-SPONSORED CHILD OF June 2015.....

CDE007 KABUGHO JONES

Kabugho Jones was born on 26/04/2001; she lives with her parents in Nyamambuka village which is near our town.

Jones' parents are peasants who even though they work hard struggle to sustain her and her siblings.

We agreed in prayer with her and her parents believing God that she will get someone who will help her and avail her with opportunity to grow into a fulfilled Christian adult.

Jones is a lovely girl, but she often cries when she is sent back home from school because her parents can't afford to pay her school fees.

If she gets a sponsor, she will benefit from all CDE child development and no doubt, she will be released from poverty in Jesus' name.

I'm requesting you today to share in the blessing of releasing her from poverty by partnering with Wally Ninneman Ministries. When you welcome a child, you welcome God.....
